Laboratoire des Polymères (LP) Briefing and Safety Instruction

With this declaration I confirm that I have attended the LP briefing and safety instruction, enabling me to start practical work in the P2 level rooms MXD 934 and 935.

During this meeting I have been informed about specific rules with respect to the organization of LP and bio chemical safety in the laboratories.

I am aware that in addition to these specific regulations the general EPFL safety rules, which can be found at [LP safety site](#) or at [DSPS](#) site, as to be properly applied.
